

2020 Lost Time Injuries

Last Lost Time Injury – 30th May 2020

Thank you to everyone for working together to stay safe and healthy at work

3 LTI's at SQT to date

1. Fractured Finger

WHAT HAPPENED:

Worker was a Slingman on the dock discharging plate. The gang were rigging Antwerp hooks for thick plates. Antwerp hooks are large hooks (approx. 35lbs) which have to be rigged to the frame for lifting thick plates. While feeding a chain through a hook, the worker dropped a hook on his finger. Worker had a crush injury on finger which ended up being fractured.

2. Broken Ankle

WHAT HAPPENED:

Worker was on the vessel, climbing down a ladder. When he stepped off the ladder, he rolled his ankle as he stepped onto the platform. Resulted in a fractured ankle.

MAKE SAFETY A HABIT

October 19, 2020

3. Back Strain

WHAT HAPPENED:

Worker was reaching over to hook up pulp, strained back while reaching over the gap between the trailer and the walkway. Walkway not positioned correctly.

SAFE WORK PRACTICES

- Be alert
- Be aware of surroundings
- Be aware of hazards associated with the task you are doing
- Do your job safely, don't put yourself or others at risk
- Wear and use correct PPE
- Use correct tools/equipment for task
- Position equipment correctly, adjust if needed
- Report safety concerns to your Foreman or a Superintendent
